ABOUT US

As a result of this principle of performance, we started importing only high-quality hardware products for quality-conscious consumers in 2017. Since our inception, we have believed in the power of perfection. So we rigorously test every product at every stage from raw material to finished goods to ensure that this signature style of **PLACID** is visible throughout the whole process.

From design board to delivery van we ensure the utmost levels of excellence through our meticulously streamlined process managed by a highly dedicated team of professionals. In terms of quality kitchen baskets and hardware products, we boast of having the latest technology and equipment to produce the best products.

We always strive to achieve perfection at PLACID. This prevents our customers from complaining.

OUR MISSION & VISION

Mission

Start small. Try better than the one ahead of you, Keep repeating it.

Vision

we are a forward-looking company with our eyes set on the horizons of time. And we continue to learn and arow with every experience, every success and even every failure. We believe in never stopping ourselves until we achieve the target that we have set.

Everything Becomes
GREAT
When Your Put
